## CAREER OBJECTIVES

Motivated and results-driven Web Developer with over a year of experience, starting from November 2023, in developing, revamping, and maintaining responsive websites. Proficient in WordPress, ACF, HTML, CSS, JavaScript, and PHP, with hands-on experience in website migration, hosting management, and technical support. Backed by a Computer Engineering background, I am seeking a Web Developer position where I can continue to grow, contribute to meaningful digital projects, and be part of an innovative team that values technical excellence and creativity.

## EDUCATION

### Don Honorio Ventura State University

*Bachelor of Science in Computer Engineering*

**Bacolor, Pampanga**

*September 2023*

- Developed an Automated Chlorine Pool Distribution device for Thesis project.

## WORK EXPERIENCE

### ASYA DESIGN

*Web Developer*

**Pasay City**

*November 2024 – Present*

- Maintained and troubleshoot company websites and systems to ensure optimal performance and uptime.
- Rebuilt and revamped two corporate websites using WordPress, improving user experience and design consistency.
- Regularly published and updated website content, including blog posts, news, and announcements via WordPress CMS.
- Customized WordPress themes using Advanced Custom Fields (ACF) for dynamic and tailored content layouts.
- Managed domain and hosting infrastructure through Hostinger and DotPH.
- Migrated websites from WHM/cPanel to Hostinger, ensuring minimal downtime and seamless data transition.
- Developed an automated XAMPP restart script for internal webmail functionality.
- Managed the content display and upload for the company's Globaltronics LED display.
- Provided general IT support for all departments, resolving hardware, software, and network issues.
- Managed company email accounts, including setup and troubleshooting for employees.
- Handled employee Wi-Fi access control through MAC filtering using Ruckus and Ruijie systems.

### Glimsol Web & Digital Solutions

*Web Developer*

**Quezon City**

*November 2023 – May 2024*

- Developed and launched two fully responsive and user-friendly websites using Wordpress.
- Populated website content, including text, images, and multimedia elements, ensuring consistency and alignment with brand guidelines.
- Implemented SEO best practices to improve site visibility and search engine rankings.
- Collaborated with designers and content creators to ensure the visual and content aspects of the websites met the clients' expectations.

### Freelance Work

*Web Developer*

**Lubao, Pampanga**

*January 2022 – March 2022*

- Developed a website (Manuscript Management System) using various programming technologies including HTML5, CSS, JavaScript, PHP, MySQL.

### Sta Cruz Academy of Lubao Inc. - Internship

**Lubao, Pampanga**

- Maintained computer equipment inventory.
- Assisted students and teachers in troubleshooting computer hardware and software issues.

## **SKILLS**

---

- Teamwork: worked as part of in-house creative and marketing team.
- Independence: comfortable working with minimal supervision and good at communicating progress.
- Time management: able to produce results with quick turnarounds in a fast-paced and agile environment.
- Professional development: driven to learn new things and grow as a developer and team member.
